

Our business is about transport of heavy and over dimensional loads. Some of those transport jobs are more unique, complex, unusual or innovative than others. Those jobs make your company and our industry special. Therefore we invite you, as a member company of one of the associations belonging to ESTA, to participate in the Transport Job of the Year competition. Please complete this form and submit to the ESTA office.

PLEASE NOTE:

- ESTA Rules & Regulations (Revision 2009) allow member companies to submit only one (1) entry in Category A or B of the Transport Job of the Year 2010.
- Job entries for the ESTA 2010 awards apply to jobs completed in the period January 2009 until December 2009.
- This form and the required attachments must have been received at the ESTA office by January 5th 2010.
- Your entry is only entitled to participate if this form is fully completed, a complete and good quality job description and good quality photos (digital min. 300dpi) have been submitted. The whole entry should be no more than 3 MB. Nominees will be invited to supply more photographs in a higher resolution for the award presentation.
