

**Fleet information** 

1. Modular trailer systems	
SPMT (self propelled modular transporter) *	
- total number of axle lines	lines
- total capacity	tonnes **
Conventional modular trailers *	
(8 wheels per line)	
- total number of axle lines	lines
- total capacity	tonnes **
Conventional modular trailers *	
(4 wheels per line)	
- total number of axle lines	lines
- total capacity	tonnes **
Self propelled conventional modular trailers*	
- total number of axle lines	lines
- total capacity	tonnes **
2-axle American style house/structural	
moving type dollies	
- total number of dollies	dollies
	tonnes **
- total capacity	termes
- total capacity Total capacity	
total capacity Total capacity of all modular trailers and dollies * electronic multi-way steering versus hydro-mechanical power steering ** Please supply figures in metric tonnes	tonnes **
Total capacity         of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes	tonnes **
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers	tonnes **
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader	tonnes **
Total capacity         of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units	tonnes **
Total capacity         of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity	tonnes **
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader	tonnes ** units capacity
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader         - total number of units	tonnes ** units capacity units
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader         - total number of units	tonnes ** units capacity units
Total capacity of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader - total number of units - total capacity         Step frame / semi-low loader - total number of units - total capacity         Extendable flatbed trailer	tonnes ** units capacity units capacity
Total capacity         of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader         - total number of units         - total capacity         Extendable flatbed trailer         - total number of units	tonnes ** units capacity units capacity units
Total capacity       of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader         - total number of units         - total capacity         Extendable flatbed trailer         - total number of units         - total number of units         - total capacity	tonnes ** units capacity units capacity units
Total capacity         of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering         ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader         - total number of units         - total capacity         Step frame / semi-low loader         - total number of units         - total number of units         - total capacity         Extendable flatbed trailer         - total number of units         - total capacity         Extendable flatbed trailer         - total number of units         - total capacity         Extendable flatbed trailer         - total number of units         - total capacity         Long load dolly	tonnes ** units capacity units units capacity units un
Total capacity of all modular trailers and dollies         * electronic multi-way steering versus hydro-mechanical power steering ** Please supply figures in metric tonnes         2. Specialized trailers         Double drop / low loader - total number of units - total capacity         Step frame / semi-low loader - total number of units - total capacity         Extendable flatbed trailer - total number of units - total capacity         Extendable flatbed trailer - total number of units - total number of units - total number of units         - total number of units - total number of units         - total number of units	tonnes ** units capacity units units capacity units un
