IC T 2017

TOWERS

It is time to submit information for *International Cranes and Specialized Transport* magazine's listing of the world's largest tower crane companies

The *International Cranes and Specialized Transport* magazine's listing of the world's largest tower crane owning companies has grown in popularity each year.

The Tower Index ranks the biggest tower crane owning companies by their *IC Tower Index* value. This figure is obtained by adding together the maximum load moment rating, in tonne-metres, of all tower cranes in the fleet. Please ensure that figures for the *IC Tower Index* are maximum load moment ratings in tonne-metres. The listing must only include cranes that you will actually have in your fleet on 1 August 2017. Please do not include cranes you have on order but are yet to receive, or cranes you have sold out of the fleet.

If you would like to send us a list of the tower cranes in your fleet, which would be helpful, please include the make, model, type, capacity and number of units.

If you have any questions about the *IC Tower Index* or the entry form please contact Alex Dahm, editor, by phone: +44 1892 786206 or by email: alex.dahm@khl.com
